## Stars In Our Eyes

“Catch a falling star and put it in your pocket.”

“Starry, starry night – paint your palette blue and grey.”

“Would you like to swing on a star?”

“You and me, we can ride on a star...”

“I’m wishing on a star.”

“Look at the stars – see how they shine for you...”

I’ve been thinking quite a lot about stars recently. In part, because I happen to have found myself outdoors on some beautiful, cloudless February evenings, looking up at a sky that is, frankly, breathtaking. I’m sure you know what I’m talking about: when we can’t help but say to the person we’re with, “Wow! Look at that!” or to the next person we meet, “Did you see the stars last night?!” - while at the same time secretly feeling that this particular awesome star-scape was put on just for us. That we were meant to look up at just that moment; that those tiny, sparkling jewels so many light-years away (and in reality, of course, many times bigger than our sun) were actually positioned there for our benefit. So far and yet so near - clustered in distant galaxies, and yet, at the same time, somehow **ours**... There is something intriguing about the stars; and - bizarrely, for giant gas-balls - something personal, even “relational” about them. Perhaps this goes some way to explaining why they appear in the titles and choruses of so many popular songs?

The other reason I’ve been considering the stars of late is that our current sermon series at church has encouraged us to think in exactly these terms. You may well know the story of how, in the book of Genesis, God uses the diamond-encrusted ceiling of his world to reinforce one of his great promises to

Abram: *The LORD took Abram outside and said, “Look up at the heavens and count the stars – if indeed you can count them.” Then he said to him, “So shall your offspring be”* (Genesis 15:5). Now, quite apart from the extraordinary fact that God here addresses Abram directly and audibly, Abram’s personal circumstances at the time meant that nothing short of a miracle would be required for this promise to come true: he was an old man in his eighties, married to a woman (Sarai) in her seventies, and thus far on the offspring-front their marriage had been fruitless. But God being God, he kept this remarkable promise, albeit after several years delay, so that Sarai conceived and gave birth to Isaac; Isaac then became the father of Jacob and Esau; and Jacob, famously, became the father of twelve sons, whose many descendants in Egypt would later cause such consternation to Pharaoh: *“Look,” said Pharaoh to his people, “the Israelites have become much too numerous for us...”* (Exodus 1:9).

In other words, Abram’s offspring did indeed become like the heavenly host - each one, as it were, represented by a star in the sky. Interestingly, as the Old Testament progresses, we find that it is Abrahamic *faith* rather than Abrahamic *blood*, which truly marks people out as his offspring. As the Apostle Paul, a former (Jewish) Pharisee, wrote in the New Testament: *“Understand then, that those who believe are children of Abraham,”* (Galatians 3:7). Being a star is not limited to being Jewish, then – it’s a privilege open to all who, regardless of ethnicity (or any other circumstance of life), put their faith in the promises of God. So may I invite you to join us on Sundays at 10, as we continue to learn from Abram’s example what it means to be one of his starry children...

*Yours, ever, Ken.*

## Don't let the sparks fly this winter

Nearly 50% of all chimney fires in Oxfordshire happen during January, February and March. If you enjoy cosying up in front of a log fire, make sure the sparks don't fly at home this winter.

Have a cosy home not a fire zone

- Get your chimney swept at least once a year, if you regularly have log fires get it swept more frequently
- If you have a 1st floor fireplace check that it is clear of debris
- Store logs away from the fireplace

## Gardening Club

February's talk to the Club by Michael Keith-Lucas maintained his previous excellent standard, combining expert knowledge with an engaging style. His topic was Pollination – the sex life of flowers, and it was a fascinating canter through the various types of pollinators – from bees through birds to bats, plus several other things not ending in "b" – and how flowers entice them in and then send them on their way with a strategically placed dollop of pollen. There were endless little tidbits of information, such as the fact that flowers that have both nectar and pollen are usually pink, whereas yellow flowers usually have pollen only.

The next meeting will be on Wednesday 13th March at 7.30 pm in Appleton School Hall, and guests are very welcome at £2 each. Paul Green's topic will be Plants of the season – a practical demonstration showcasing what is looking good, and he will be bringing some plants for sale, so don't forget to bring some cash with you.

Looking further ahead, the Club's annual Plant Sale will be on Saturday 25th May at 10.00 am in the Village Hall. Do put the date in your diary. Nearer the time we shall be on the

## A Bus Stop Shelter

Although there have been many bus stops in the parish – there is only one bus stop shelter.

It is at the north end of Eaton Road – a high point in the parish – 340 feet above sea level; here winds can scour a body of warmth in minutes.

But - this shelter wasn't built for protection only.

It was built as a memorial; a memorial to a young man of the parish – Selby Tiptaft Cornish. Selby was the first born child of Howard and Agnes Cornish of West Farm, Eaton.

In the summer of July 1948 – aged 26 – he went with a friend - Neil Taylor - to Scotland to climb Ben Nevis – the highest mountain in Britain; they were both Oxford students.

Late in the day they reached a ledge just below the summit. Tragically, Selby slipped and fell - 200 feet down to his death; Neil was trapped there overnight; he tied himself to a rock for safety. He was found by a rescue team after 18 hours of searching.

Selby's body was taken down to the Charles Inglis Clark Memorial Hut - a memorial to a son killed in WWI - and thence to Fort William.

Selby's parents wanted a memorial to their son. They built the bus shelter

## Crockery and Cutlery

There is a large amount of crockery and cutlery kept in the Barn at South Lawn, Netherton Road. It was given to the village by the late Mrs Molly Rose and Mrs Rosemary Dick. If you wish to use it at any time please ring 862434 and make a small donation to Appleton Church.

Please give two weeks notice if you wish to borrow any items. It will then be ready for collection from the Barn

## Appleton WI

On Thursday, March 21st we will be having our annual general meeting at 7.30pm in the Village Hall.

After that we will have fun trying our hand at the ancient sport of curling. There will be a stall and contributions are very welcome.

On Tuesday, 26th March the Oxfordshire Federation annual meeting will be an all day affair at the Kassam Conference Centre, starting at 10.30am and closing at 3.30pm.

The afternoon speaker is the first British astronaut, Helen Sharman. That will be worth hearing!

May I also remind you about our coach trip to Windsor on Thursday, March 28th. The cost is £12.50, and the coach will start at 9.30am in

## Save money on energy bills! - Citizens Advice tips

Take a look at the Community Shop home page on the village website at [www.appleton-eaton.org](http://www.appleton-eaton.org)

And follow us on Facebook [www.facebook.com/appletoncommunityshop](http://www.facebook.com/appletoncommunityshop)  
As mild December gives way to a colder, frostier new year, Citizens Advice Oxfordshire

South and Vale is encouraging people to analyse their home energy spending and take steps to cut down on fuel wastage.

The charity has these tips:

1. Check your bills carefully and make sure you're on the cheapest tariff.

Most energy suppliers offer fixed price tariffs, where the price of a unit of energy will remain the same

for the length of the deal. Think about switching to a new supplier (for an energy prices

comparison tool, go to <https://energycompare.citizensadvice.org.uk>).

Citizens Advice has helped many people to switch successfully to a new energy supplier, so contact us to

discuss your options.

2. Make your home energy-efficient.

Insulate lofts and walls, double-glaze your windows

and use thick curtains to keep heat in.

Get your boiler serviced annually.

Grants are

available to help with insulation: call the Energy Saving Advice Service on 0300 123 1234,

Monday to Friday 9 am to 8 pm.

3. Your central heating thermostat and your timer (or programmer) are your good friends

and allies when it comes to saving money. Shave down the timings so

that the boiler is only

working when you need it. A

thermostat temperature of 20 degrees is adequate for most homes.

4. Try an online Home Energy Check at [www.energysavingtrust.org.uk/resources/tools-calculators](http://www.energysavingtrust.org.uk/resources/tools-calculators)

5. For those who qualify, various grants and discounts are available to help with bills: the

## News from the Appleton with Eaton Parish Council

### Harts Bridge

The Environment Agency has carried out a more detailed inspection of Rainbow Bridge, have deemed it currently safe for use, so it is now reopened. In the short term, there will be minor works to the steps, surfacing and gate, which will not require the closure of the bridge. In the medium term, the bridge needs new waterproof surfacing throughout to preserve the beams and to improve the walking surface. This will require a short closure, anticipated to be no more than 2 weeks. There is no date for this as of yet, but OCC will inform the council once this is known.

### Parish Council Elections

Have you ever thought of becoming a Parish Councillor? Do you care about what happens in our villages? Would you be happy to represent your parish in making decisions for the benefit of the entire Parish? If you want to know more, please feel free to contact the Clerk.

The Vale of White Horse will hold elections on 2 May 2019. By the 26th March 2019, a Notice of Election will be published and posted on the noticeboard as well as information on the website. This will contain all of the information needed for those who wish to nominate themselves for Parish Councillor. Please note that nomination papers must be delivered to the council
